Special to The Courier.

UNIONTOWN, Oct. 13.—A big routine Republican meeting was held in Uniontown last evening in front of the McClelland House on Main street at 8 o'clock. Hundreds of people were packed so closely that passage through that block had to be closed. It is estimated that fully 5,000 crowded about the street in front of the gallery to hear the sound reasons advanced why they should vote the Republican ticket at the coming election. They were "bombed" with their applause, frequently interrupting the speakers to show their approval.

The word success is hardly broad enough to cover the meeting in its entirety. It could not have been more successful. Even the weather was in favor of the event. Long before the time scheduled for the speaking to commence people began to gather in the vicinity. It is true the entire street was filled with merry-makers and celebrators of Columbus Day, but the majority of those who assembled at the McClelland House were there for another purpose: to listen to common sense. And they heard!

At 8 o'clock Mr. George W. Neff, of Altoona, chairman of the routine committee, introduced the speaker, a few words State Senator W. E. Crow, the chairman of last night's meeting. Mr. Crow was well received, as is always the case, and at once presented the speaker of the evening, Congressman John K. Tener, the most popular of Pennsylvanians. Cheers after cheers rang out as the big candidate stepped forward. His speech was rather short, but like the previous ones, was to the point.

Slight reference was made to the "explosion" which the Philadelphia North American threatened to make today. He is expected to reply in full this afternoon.

Tener's address was as follows:

I should say and I do say, my good friends here in Fayette County, because I live as you know in the county adjoining this, just across the Monongahela river, I am glad as you may well imagine to be here among my friends in Uniontown and to see many of the same kind of people with whom I associate at home in Washington county. You realize I am sure the hardship it is to speak from this balcony when the crowd is so much in the street and I therefore propose to make my remarks very brief.

I do not intend to touch upon national affairs, although they are so much more familiar with national legislation than I do with any other issue, and I shall make only a brief statement about State issues.

I believe that the Republican party in Pennsylvania has passed the most helpful legislation of any State in the Union, beneficial to the workman, beneficial to the farmer and beneficial to the manufacturer. The great share of our prosperity has come by reason of the protective tariff system, which, of course, benefits every one through the land.

All our departments of State are well and efficiently managed and I do not care what anybody says but I am sure that you are all about this State vilifying the candidates on this ticket as they vilified the candidates on the other ticket four years ago when as you well know the then candidate and now the Governor of Pennsylvania, Edwin S. Stuart, was charged with being weak and that his administration would shortly be the administration of our State. The upstart administration he had under Governor Stuart and the splendid work he has performed refuses any charge of that kind. These same people are at work vilifying this ticket.

I have not from the opening of this campaign up to this time mentioned the name of any of my opponents and I do not propose to do so tonight, because I believe that it is not my place as a candidate, nor is it your duty as a citizen to go about this State vilifying the candidates of any ticket or to speak ill of your fellow men. You are here in this community, as we are at home, endeavoring to live good lives, by doing good deeds, and by thinking good thoughts and I would rather occupy the humblest position and be elected than to go about this State vilifying the candidates of any ticket or to speak ill of your fellow men. You are here in this community, as we are at home, endeavoring to live good lives, by doing good deeds, and by thinking good thoughts and I would rather occupy the humblest position and be elected than to go about this State vilifying the candidates of any ticket or to speak ill of your fellow men.

LOCAL CAPITALISTS TO
DEVELOP NEW GAS FIELD.

Meeting Will Be Held at
the Smith House on
Saturday.

At a meeting to be held in the Smith House next Saturday evening a company composed principally of Connellsville men will be organized for the purpose of developing a gas field in West Virginia on which one well has already been drilled and is producing 2,000,000 feet a day. Those interested in the proposed venture are Cyrus Eubank, J. A. DeWitt, A. A. Straub, Nelson A. Rist, and Bert Moore, the last two from Dawson.

DeWitt is looking after the field, which is located south of the Shiloh pool. Some few months ago, these same men put down a well in this pool, for either gas or oil, but it proved to be dry. After the failure nothing was done until the present field was located last month. W. P. Redick of Fairmont commenced drilling the well on September 1, but struck nothing until a week ago last Tuesday.

For the time being the well has been "shut in" and nothing will be done until the company is organized. It has leased 40 acres in this region and expects to put down more wells as soon as possible. The land is in Harrison township, below Fairmont.

It is said the capital of the company will probably be about \$10,000. After organizing Saturday evening, officers will be elected and the amount of the capitalization decided on, together with the number of shares of stock to be issued. A charter will be applied for in the near future.

**Pitched Battle
May Result From
Big Paris Strike**

PARIS, Oct. 13.—A pitched battle of the police against 16 Socialist delegates and six chiefs of the striking railroad men, barricaded in the building of La Humanite, a Socialist organ, is expected shortly. Three hundred heavily armed policemen surrounded the building.

The besieged, headed by M. Jaures, leader of the Socialists in the Chamber of Deputies, defied the police and declared he would not submit to arrest. Premier Briand assumed active control of the situation and ordered the police not to hesitate. He ordered their arrest, forcibly, if necessary.

The railway traffic loop is becoming complete and it is predicted not a train will be running by night.

PHYSICIANS DEMAND AN ANALYSIS
OF WATER SUPPLY TO CHECK SPREAD
OF TYPHOID FEVER IN THIS TOWN.

Declare Situation is Serious and Will Meet With Board of Health This Afternoon—Sixty
Cases Have Developed Here Within Two Months—"Boil the
Water" is Their Warning.

Through the physicians of Connellsville the Board of Health has at last been aroused to the seriousness of the typhoid epidemic which has taken its toll of many lives and the danger to the young Medical-Social Club with a view to having a thorough analysis made of the water supply. The State having declined to make these analyses.

The Connellsville Water Company was criticized for publishing statements regarding the purity of its water supply, because these statements, the physicians declare, tend to become careless in not boiling the water.

The meetings of the physicians at the residence of Dr. H. J. Coll last evening saw the typhoid matter thoroughly thrashed out. A resolution was passed calling upon the Board of Health to have a thorough analysis made of the water, and rectifying conditions that exist at the water works.

The fact that 60 cases of typhoid were reported in Connellsville during the past two months was viewed with alarm. Dr. Coll read a paper on typhoid fever and said in part:

"Typhoid fever is recognized to be primarily and to a large extent in a water born disease. This has been proven beyond a doubt by investigation of the numerous epidemics in this country and in Europe. Although typhoid bacilli have been seldom discovered in the water because of the difficult examination required. During the last three months 60 cases of typhoid fever have been reported in the borough of Connellsville. The majority of the cases have occurred in areas supplied by water pipes at or near a blind end. Especially where the low level of the pipe allows sedimentation. Only two cases have been reported from the areas supplied from the Jernsbeck reservoir and both of the cases have been in persons who had been working in other towns."

In the general discussion of the typhoid epidemic the physicians stated that it was an analysis of the Connellsville Water Company to publish statements to the purity of the water. Such statements have led many persons to stop boiling the water, and may cause great harm. It was also suggested that the water company take samples of water for analysis from the pipes in the parts of town where typhoid fever has occurred, and that they provide for frequent flushing of such pipes.

The members of the Board of Health present, who are Drs. L. P. McCormick, R. S. McKee and L. F. Atkinson, were urged to use constant vigilance and activity in dealing with the fever typhoid epidemic. They reported that the State Board of Health had refused to make water analysis because of the lack of laboratory facilities, whereupon the following resolution was adopted:

Whereas, since the State Health Commission, which has received millions of dollars in appropriation from this State, has refused to make bacteriological examination of the city water, we recommend that the local Board of Health obtain specimens of water from different locations and have them examined by a competent bacteriologist.

A meeting of the Board of Health is being held this afternoon to take action on the resolution. Thirty-three cases of fever have been reported at Connellsville and there are a number of cases at Rockwood, Confluence, Onondaga and other towns in that vicinity. In conclusion the doctors advised the public to boil all drinking water, exclude all flies from their houses and to buy no fruit which has been exposed in the front of stores to the street dust and flies. The meeting was the most important and interesting one held for some time and if the public follows the advice of the physicians the number of fever cases will be decreased.

TENER VIGOROUSLY ANSWERS ATTACK.

"Palpable Attempt to Besmirch My Character," He Declares of North American's Statement—Relations Were Honorable.

United Press Telegram.

PITTSBURGH, Oct. 13.—"It is a palpable attempt to besmirch my character and question my integrity without the slightest justification; without a scintilla of fact upon which to base an intimation of wrongdoing on my part. I brand the article as a deliberate endeavor to blacken my reputation, an effort to promote the selfish and pecuniary interests of a mercenary and degenerate publication."

This did John K. Tener today deny the charges lodged against him by the Philadelphia North American.

He accused the publishers of exploiting their circulation by advertising in advance that sensational charges would be printed and solicited sales from politicians on the grounds it would make a good campaign document.

"My relations with the Public Opinion Corporation were entirely straightforward and honorable in every respect. I became connected with the company in the ordinary course of business through W. L. Chrisman, a reputable Philadelphia attorney now President of the company. There is absolutely nothing to conceal nor anything calling for an explanation. Attention has been called to a circular letter over the signature of the circulation manager in which orders for the purchase of today's issue were solicited two days ago from politicians laboring for the defeat of the Republican party. The aim of those interested in the publication was to have the paper distributed as a campaign document."

Mr. Tener showed a copy of the letter he said was distributed by the circulation manager.

ITALIANS' GREAT CELEBRATION
OVER COLUMBUS AT UNIONTOWN.

They Cheered John K. Tener to the Echo When He Delivered Five Minute Address to Them.

Called Attention, However, to Employers' Liability Law and Pledged Support to a Broader Measure in the Future—Reviewed Parade.

Special to The Courier.

UNIONTOWN, Oct. 13.—The first day of the long heralded celebration of the discovery of America by Christopher Columbus passed off in a most satisfactory manner. Thousands of people journeyed to the county seat yesterday to participate in the festivities, and though it is said that there was about 10,000 people on the streets during the afternoon and evening, order was of the best. No disturbances were reported to the police. Five extra men were on duty, as were the 12 regular officers. Gaily decorated with red, white and blue and red, white and green, the main streets presented a beautiful appearance. The effect at night was beyond expectations. Strings of colored lights had been fastened over the streets in arches, and these together with the lights of many other private decorations, made the thoroughfare look like anything but Main street, in Uniontown.

A half dozen bands were distributed along the street from early morning to late at night. The day's celebration was closed with a grand display of fireworks at 8:30 last evening.

Following their arrival Wednesday morning, Congressmen Tener and party were taken to the Summit Hotel. After a short rest, the party reentered the automobiles and visited the residences of J. V. Thompson, George Titlow and Charles H. Sutton. On their return to the hotel, what is said to have been one of the most delightful luncheons ever prepared at this hotel was served.

After the luncheon, slaves were passed around and a social chat indulged in until time to start back to town. About 3 o'clock the guests were brought down the mountain, the marchers stopping at the intersection of Main and Fayette streets in the East End. At this point Mr. Tener reviewed the parade, which was but a few minutes in arriving, and after the last float had passed by, the lines were parted and the autos took their places at the head of the procession, continuing on down Fayette street to Gallatin avenue. Here the line turned to Main street and on up to Arch street where it disbanded.

Afternoon Parade.

The parade was a feature of Columbus Day, for the Italians. Promptly at 2:30 o'clock the procession moved from the Municipal building, headed by four of Uniontown's "finest," namely, Chief of Police Frank McCarty, Assistant Robert Seese, Louis Morley and John Uhl, all mounted.

At 4 o'clock, following the disbanding of the parade, H. Fusarino called the meeting in the Municipal building to order. The large hall was filled. Among those on the platform with Tener were Judge J. Q. Van Swearingen, Antonio Bufano, T. P. Jones, and many others.

"America" was played by an Italian band following a few remarks by Mr. Fusarino. Everyone was standing by the time the first measure was rendered.

In a few Italian words, the banker introduced Congressman Tener, who was greeted with hearty applause. He made the following five minute address:

I have not the slightest idea of what your Chairman said, but I assume that he gave me some manner of introduction, and probably stated that I was a candidate for office, and may also have indicated that I was expected to make a speech to you on political lines and on the issues that are before the people today in the State and nation. That, however, is far from my mind and I think it would offend the proprieties of the day if I would attempt to inject into this gathering any political matters.

I am here at the request of your chairman and your societies, and our being here is without any political significance whatever.

I think the States that set apart this day for the celebration of the anniversary of the discovery of this country do well to celebrate an event which has led to the creation and existence of the greatest nation on earth, the United States of America.

Comparatively speaking it is but a short time, as we reckon the world's age, that this country was discovered, just about its greater age, or about six times man's allotted life. We sometimes hear of those who would set up an asterisk in its history.

This country, as built up from its citizenship, is composed largely of those who have either come from other countries, or their fathers or mothers have come before them. I, myself, have many of you in this audience, have availed myself of the opportunity that was given me to come to this land of the free, and while I hope my heart will never become so hard as to deny my native land, I am proud indeed to be an American citizen today.

It is true that Pennsylvania, with

HAIR NATURALLY ABUNDANT.

When it is Free of Dandruff, it Grows Luxuriantly.
Hair preparations and dandruff cures, as a rule, are sticky or irritating affairs that do no earthly good. Hair, when not diseased, grows naturally, luxuriantly. Dandruff is the cause of nine-tenths of all hair trouble, and dandruff is caused by a germ. The only way to cure dandruff is to kill the germ; and, as far, the only hair preparation that will positively destroy the germ is Newb's hair cure—absolutely harmless, free from grease, sediment, dyes matter or dangerous drugs. It always itching instantly; makes hair glossy and soft as silk. "Destroy the cause, you remove the effect." Sold by leading drug stores. Send 10c in stamps for sample to The Herpelde Co., Detroit.

Suffragette Leaders in Gotham Regretful in Men's Costumes.
New York, Oct. 12.—The suffragette suit has come. It has and is being worn not by a majority of women, but a few bold spirits. The wearing has been confined to a limited district, but a number of women declare they are going to wear the suits on Broadway and in it known that in the future there is not the only member of the household to wear trousers. The sterner sex of New York hardly expected, however, that his sister would be going to come out in a suit of clothes that were considered old fashioned a few years ago. True, the coat, hat, collar and tie are of the latest fashion, but the trousers—they have all the earmarks of the garment worn by Englishmen a half dozen years ago.

The wedding of John Silvis, West Penna. dispatcher at Greensburg, and Miss Clara Pruzal of Youngwood, at the home of the bride last evening was celebrated by their many friends in a manner befitting the event, but without Mr. and Mrs. Silvis.
While the crowd, many of whom journeyed from Greensburg to assist, were waiting in front of the house for the bride and groom to appear, the couple were spending in an automobile towards Latrobe, where a Pennsylvania flyer was taken for Eastern points. It was quite a few minutes before the senders became wise that the bride had flown. Mr. and Mrs. Silvis are expected to return in about two weeks and will go to house-keeping in Greensburg.

HAS ROOT IN VIEW.

Taft, It Is Said, Favors New York Senator For Chief Justice.
Washington, Oct. 13.—President Taft is considering United States Senator Root for appointment as chief justice of the supreme court. No decision has yet been reached by Mr. Taft in regard to the chief justiceship, but Mr. Root is regarded by him at this time with as much favor as any other man.

There is good reason to believe that Mr. Root would accept the place if it were offered him.

This was learned on excellent authority. Senator Root's chances for appointment will depend largely, however, on the result of the coming election in New York state.

If a Republican legislature is elected the senator's chances will be increased, for his appointment therefore under any other circumstances would mean the surrender of his seat to the Democrats.

WHY SALVES FAIL TO CURE ECZEMA.

Scientists are now agreed that the eczema germs are lodged not in the outer skin, or epidermis, but in the inner skin. Hence, a penetrating liquid is required, not an outward salve that clogs the pores.
We recommend to all eczema patients the standard prescription Oil of Wintergreen, an compounded Oil of Peppermint known as D. D. D. Prescription. A trial bottle of this D. D. D. Prescription, at only 25 cents, will instantly relieve the itch. We have sold and recommended this remedy for years, and know of wonderful cures from its use. We recommend it to our patients.

Starting from Conneltsville about dusk, with about 70 miles of mountain to negotiate, they lost their way and were compelled to stop and arouse farmers along the way to ask for directions. They reached Johnstown about 12:30 A. M. after having traveled 182 miles.

French Method of Developing the Bust

Mme. DuBarrie Explains How the Bust May be Developed 2 to 8 Inches in 30 Days.
"I am explaining for the first time to the ladies of America," says Madame DuBarrie, "the French method of developing the bust. It is much more effective, the results appear much more quickly, the breasts become more firm, plump and symmetrical, the method is more simple, the effects are lasting, and altogether beyond comparison with the results produced by other methods."
"You know the French people have the development of the bust and form down to a fine point. The French method may be developed from 2 to 8 inches in 30 days. This applies to women of almost any age, young girls, to elderly matrons, whether the bust is absolutely not developed at all, or has grown weak and flabby, and hangs, no matter from what cause."
"I will only be too glad to tell any woman who is interested what this simple method is, in it she will receive a 2 cent stamp to repay for the postage. I will send an illustrated booklet in a plain sealed wrapper that will explain it all and the remarkable French method, enclose 2 cents in stamps for the illustrated booklet and address it to Madame DuBarrie, Suite 2081, Quinlan Building, Chicago, Ill."

Mr. Woods was married in youth by his wife by three years. During the campaign around Chancellorsville he lost the sight of his left eye due to exposure and for this reason was given an "honorary discharge" a short time after the war. An **automatic-locking flame spreader** prevents the wick from being turned high enough to smoke, and is easy to remove and drop back so that it can be cleaned in an instant.

The burner body or gallery cannot become wedged, and is unscrewed in an instant for reworking. Finished in Japan or nickel, strong, durable, well made, built for service, and yet light and ornamental. Has a cool handle.

ADVERTISING.

THE DAILY COURIER is the only
daily newspaper in the Connelleville
area which has the honesty and
courage to print a daily report under
the name of the number of copies it
prints for distribution. Other papers
put forth some extravagant claims,
such as "largest circulation," "largest
circulation in the county," etc., but
on application.

THE WEEKLY COURIER is the
recognized organ of the Connelleville
area. It has a special value as an
Industrial Journal and an advertiser's
medium for such interests.

THE CHARGES AGAINST
JOHN KINLEY TENER.

The opposition to John Kinley
Tener, Republican nominee for Gov-
ernor of Pennsylvania, is as despicable
as it is deceptive.

For some time past insinuations
have been industriously circulated that
Tener's private character would not
stand the searchlight of publicity. It
seems that they have emanated from
the office of the Philadelphia North
American, the organ of the Wan-
maker family, originally established
to extol the virtues and malign the
enemies of John Wanmaker, who
once ran for United States Senator
and failed of election in spite of
practical arguments of the most generous
and substantial character freely im-
pressed upon the minds and persons
of numerous more or less susceptible
members of the Legislature.

This organ of revolt and revenge
has been manufacturing a bomb with
which to blow Tener's candidacy into
atoms and blast his private character
forever. In an open letter to Senator
Penrose it demands the withdrawal of
Tener under penalty of his political
destruction. The substance of its
charge is that Tener at some time in
his business career was connected with
a corporation whose management
was dishonest. Tener meets the
charge with characteristic straight-
forwardness. Here is his answer, dis-
seminated at Uniontown last night:

My attention has been called to an
open letter addressed to Senator Pen-
rose by a certain newspaper calling
upon him to take certain action look-
ing toward my withdrawal as a candi-
date for Governor.

While that letter was not addressed
to me, and possibly should not be re-
ferred to by me, yet I desire to say
here and now that I WAS NOMINATED
BY THE REPUBLICANS OF PENN-
SYLVANIA AND AM RESPONSIBLE
ONLY TO THEM.

My business life has always been
in the open. I am proud to tell
that the people of Pennsylvania would
know all about it. I HAVE NO FEARS
OF ANY STATEMENT OF FACTS, AND
I DO NOT BELIEVE THAT THE
VOTERS OF THIS STATE WILL BE
DECEIVED BY ANY MISREPRESENTA-
TION.

The reply is a stinging rebuke and
a trumpet note of challenge. It is
not the answer of a fawning political
slave, but of a self-respecting citizen
and loyal Republican. It is not the
cringing evasion of a guilty con-
science, but the bold defiance of con-
scientious rectitude. It is not the brazen
effrontery of hardened crime, but the
indignant outburst of an honest man
attacked in that which he holds most
dear, his honor.

The charge will fall flat and prove
unprofitable to those who make it un-
less they support it by evidence that is
clear, complete, convincing and free
from the suspicion of manipulation or
bias, and the proofs will have to be
forthcoming in time to give the accus-
ed a fair chance to prepare and file
his defense before the final decision
of the grand jury of the people at the
polls. That jury will not permit the
introduction of eleventh-hour testi-
mony, nor the taking of snap judg-
ment.

The people will await the charges
against John Kinley Tener with pa-
tience, but they will hear them with
wonder that indulgence they prove
to be more political trumpery.

CONNELLSVILLE'S
TYPHOID DANGERS.

The repeated warnings of The
Courier concerning the typhoid fever
situation in Connelleville have result-
ed in action being taken thereon by
the local medical society with the re-
sult that the Connelleville physici-
ans will meet with the Board of Health
this afternoon to discuss the situation
and determine upon more active and
effective means of fighting the plague
than have characterized the work of
the health officers up to this time.

The statement that the State Health
Department has refused to make fur-
ther bacteriological examinations of
the water, and the intimation that the
reports of the water company were
misleading in that they are given out
only when good and never when bad,
are serious enough to demand a care-
ful investigation and aggressive ac-
tion.

We think the State Health Dept.

ment should lend us its powerful aid
in the present as it has in the past,
but whatever needed measures of pro-
tection it is unable to supply we
should try to provide ourselves.

It is the first duty of the borough
authorities to protect the health and
the lives of the people. All other
expenditures should be subordinated
to this. To fail in this supreme duty
is to become necessary before the
moral law to the highest crime in the
legal calendar. To economize in
health expenditure, at a time when
epidemic threatens the community is
to weigh dollars against blood.

We have no doubt, however, that
the borough authorities of Connelleville
will do their whole duty in the
premises. It is for those who are ex-
posed to point the way to the surest
protection, and for all others to fol-
low.

REPUBLICAN RALLY
AND REPUBLICAN CANDIDATES.

The Republican rally in Uniontown
last night far eclipsed all other politi-
cal demonstrations hitherto held dur-
ing this campaign, and clearly indi-
cates that Republican principles and
Republican candidates are still the
choice of a decided majority of Fay-
ette county citizens.

Tener's speech was frank and man-
ly like the man. Like Governor
Stuart, he inspires public confidence.
Reynolds lucidly explained why the
Republican Tariff policies benefited the
whole nation, and Crago brought the
legends of experience forcibly home
to the people of the Connelleville area.
Other speakers discussed the
personnel of the Republican ticket
and reverted to the Republican posi-
tion and action on other issues State
and local.

The Republican meeting, which by
the way in nowise trespassed upon the
Columbus Day celebration program,
has done much to arouse Republican
interest and strengthen Republican
prospects of a round Republican ma-
jority.

Government regulation of railroads
through the Interstate Commerce Com-
mission and Government regulation of
the duties on imports through the Tariff
Commission have been announced as
planks in the new Progressive Platform
of T. Roosevelt. The planks will be
generally approved, if action under
them is right and reasonable.

Republicanism is expanding in
Europe, but it still has plenty of votes
on this side.

Mine explosions are travelling up the
spine of the Rocky mountains.

The Fayette county courts have a
hard time keeping the lawyers on the
job. Perhaps there is too much politi-
cal excitement just now.

The Young Men's Christian Associa-
tion reception was not exactly a howl-
ing success, but it was well attended
and much more satisfactory.

The business of the local building
and loan associations is not character-
ized by fabulous profits, but its returns
are liberal and safe and its benefits
substantial and certain.

The Western forest fire are reported
to be under control, but the ghastly
inventory of human sacrifice is not yet
completed.

Dillitory property shows signs of
arrested activity.

Frank Smith will be tried again for
"immunity." According to law a man may
not be tried twice for the same offense.
The jury which acquitted him of murder
found his guilty of insanity, but from that verdict it seems he has
numerous appeals.

At the present rate of progress it
is not impossible that the next type-
setting machine will be ingenious
enough to automatically transmit
thoughts into cold type.

Not even the perennially insouciant
Philadelphia North American gives the
Fayette County an excuse for existing,
but on the contrary professes a careful
analysis concerning the success of the
Republican party.

When John Tener kissed the little
ladies who welcomed him to Uniontown
he elicited a large portion of the truth
in vote, and no Wanmaker organ can
get it away from him.

The Democratic candidates in
Fayette county are doing considerable
advertising. They need it.

If the wedge shift comes into fash-
ion peeping will no longer be a crime.
Men cannot go blindfolded.

West Virginia's supply of natural
gas is being acquired by non-residents,
but West Virginia's citizens are
getting ready to add something to the
prices. In the ultimate, however, the
poor consumer will pay.

The Democratic candidate for Gov-
ernor of New York brands T. Roosevelt
as a disturber of that domestic tran-
quillity which the fathers of the Con-
stitution declared to be one of the chief
objects of Union.

There seems to be an epidemic of
railroad casualties.

Mt. Pleasant boys are putting up
some canned goods which are not
sanctioned by the Humane Society.

Connellsville has joined Scotland
in boasting a song and jolly fiddlers on
at every body bent it to the boom.

The Beaver county axepole
couldn't escape from the countryside.

Walter Wellman is trying his avi-
ation wings before essaying a flight to
the Pole.

Wealth does not always bring
marital happiness, on the contrary, it
too frequently destroys domestic bliss.

Picking posies is an ordinarily
natural and innocent occupation, but
cleaning them is an offense against the
law.

There's evidently nothing
the matter with Kansas when she can
keep farmers busy and nervous after
they arrive at 50 years of age.

COLUMBUS DAY AT SCOTSDALE.

coverer.**

MEET, IN TEMPERANCE HALL

Wedding of Charles D. MacMillan and
Miss Elizabeth Parks is Hand-
some Event—Evangelistic Meetings
Grow in Interest.

SCOTSDALE, Oct. 12.—The 418th anniversary of the discovery of this country by Christopher Columbus was celebrated in handsome fashion by the Knights of Columbus and their ladies at Temperance hall last evening. The gathering comprised about 150 people and was a magnificent one made up of the leading people of the order in this section. The hall was tastefully decorated, the color scheme being in the fraternal colors of purple and white, draped in beautifully impressive style along the walls of the large hall. Wherever the streamers of color were looped two American flags made a variation in the color plan.

The back of the stage on which the speakers' table stood was almost hidden by Old Glory, flanked on each side by K. of C. pennants. At the corners of the platform large palms were placed, to give a dash of green to the color plan. Crossing from corner to corner of the hall and above the long tables where the main party sat were great streamers with four pennants looping them together where they crossed in the center of the room. The colors of the country and the order were blended with harmony and the effect was one to arouse patriotism and fervor.

At the speakers' table were seated the toastmaster, J. P. Owens; Rev. Roy M. A. Lambing, pastor of St. John the Baptist's Church; Rev. E. J. Duval, his assistant; Rev. E. J. Kolb of Marietta, Pa.; Rev. E. O'Brien of McKeesport; Grand Knight Stephen Arkwright, W. A. Todd, W. J. Dooley, Austin King and V. W. Yehner. When the banquetters had ended their repast, Toastmaster Owens introduced Rev. Lambing with a felicitous speech and announced the toast "Our Holiday," to which Rev. Lambing responded in his sincere and dignified style in which he showed clearly the meaning of the day and its obligations.

To Rev. Kolb fell the honor of speaking on the sentiment of "Our Duties as Catholics" and the visiting pastor made a stirring address. "Patriotism and Ideal Citizenship" was the theme of the address by Mr. O'Brien who dwelt upon the duties of American citizenship and how these are bound to the ideals of the Knights of Columbus.

Every speaker was enthusiastically applauded and the speeches were clear cut and fitting to the great historical figure in whose honor the day was being remembered. Following the banquet and speeches a dance was given to the music of Kiefer's orchestra, which had also played during the earlier part of the evening.

MacMillan-Parks.
A very pretty home wedding was that uniting Mary Elizabeth Parks, daughter of Mr. and Mrs. Theodore Parks of Freedom, and Charles D. MacMillan of Scottdale, at the home of the bride's cousin Mr. and Mrs. A. Parks at Rochester, on Tuesday.

The bridegroom is the son of Mr. and Mrs. Samuel D. MacMillan of Scottdale, and one of the best known young men of town. The ceremony was solemnized by Rev. A. R. Markham, pastor of Grace Lutheran Church, of Rochester, of which the bride is a member. The father gave the bride away, and the impressive ring ceremony was used. There were vocal solos by Mrs. S. B. Moon of Pittsburgh and Mrs. T. C. Frye of Pittsburgh, with a violin solo by Luther Barnes as the bride's attendant.

The bridesmaids were Miss Helen Sheets of Oakmont, a school friend, and Miss Gae MacMillan, sister of the bridegroom. Miss Sheets was given in marriage by her father, while Miss MacMillan was unaccompanied. The bride's gown was a simple white with a high collar and long sleeves. The bride's hair was styled in a simple and elegant manner. The wedding was a most successful one and all enjoyed it very much.

The bride's father, Mr. A. R. Markham, is a well-known minister of the Lutheran faith. The bride's mother, Mrs. S. B. Moon, is also a well-known figure in the community. The wedding was held at the home of the bride's cousin, Mr. and Mrs. A. Parks, which is a beautiful home. The ceremony was attended by many friends and relatives, all of whom enjoyed it very much. The bride and groom are now residing in Scottdale.

Straight Shots Sermon.

The spirit of unmitigated desecration of graves and the desecration of graves last night was largely attended and the audience took part in the singing and Scripture services with enthusiastic willingness. Prayers were offered by the pastors of the different churches, who were seated on the platform. Mr. Miller's sermon was "Get Right With God," and the remarks accompanying them were a sermon in themselves. Evangelist Davis preached a heart searching sermon from the text "What Art Thou?"

HIS HEAD NEARLY SEVERED

Baltimore Tailor Meets Shocking Death at Brother's Hand.
Baltimore, Oct. 12.—Louis Scherr, a tailor living in New York, came here, it is alleged, for the express purpose of killing his older brother Harry, against whom he bore a grudge, and he carried out his intention.

Without warning while Harry was working in his tailor shop in East street Louis slipped in.
Then the murderer plunged a long knife into the neck of his helpless brother. Back and forth he pulled the knife until the head of his victim was nearly cut off. Then he stood over his brother's body muttering defiance to the other tailor. A detail of police hurried to the scene, disarmed Scherr and carried him to jail.

FORTUNE AWAITS MINER

\$87,000 Will Be Handed Patrick McGrannhan When Located.
Wilkes-Barre, Pa., Oct. 12.—Patrick McGrannhan, a miner employed somewhere near this city, is the heir to an estate of \$87,000 left him by an uncle who died in East India a few weeks ago. Attorney John V. Kozek of this city was asked to locate the man.
His uncle, who was an officer in the British army, became, after he retired, an exporter of East Indian goods and when he died the other day he left his estate to his only nephew, McGrannhan, whom he had last heard from three years ago.

PENNSY GRANTS BIG INCREASE.

More Wages for Enginemen
on the Lines
East.

ADVANCE DATES FROM JUNE 1

Increase Granted Will Be About 10 Per Cent Over the 6 Per Cent Raise Made in April—Nearly 5,000 Men Running Into Pittsburg Affected.

Pittsburg, Oct. 12.—Several million dollars a year more will be paid to engineers and firemen on the Pennsylvania railroad lines east, while between 4,000 and 5,000 men residing in the vicinity of Pittsburg are to be affected by an increase in wages which the railroad officials are preparing to announce upon the completion of the schedule.

The increase will be about 10 per cent over that of 6 per cent announced in April. It is understood it will date from June 1.
Increase Expected.
The increase has been expected by the engineers for some time and will correspond to that granted the trainmen, who recently threatened to strike unless given more pay. The Pittsburg, Monongahela and Conemaugh divisions are the only sections of the road entering Pittsburg that will be affected by the increase, the men on the Pennsylvania railroad lines west having had their schedules adjusted for some time.

Officials of the road declined to give an estimate of the amount of money that will be expended annually by the road as a result of the proposed increase, but stated it would run into millions, as all the engineers on the lines east of Pittsburg and Erie will participate in the higher rate.

BARNES THROWS UP HIS JOB.

New York Political Leader Quits Republican State Committee.
Albany, N. Y., Oct. 12.—William Barnes, Jr., of Albany, the leader of the old guard in the fight against Colonel Roosevelt at the Saratoga convention, has resigned as a member of the Republican state committee.
Mr. Barnes gives as a reason the fact that he was not named as a member of the executive committee of the new Republican state committee.

AGED COUPLE KILLED

Special Carrying Offside Hits Farmer's Wagon on Grade Crossing.
Meadville, Pa., Oct. 12.—While returning home from this village, Mr. and Mrs. Samuel B. Winton, a prosperous farmer and his wife, of near Centerville, were killed on the Pennsylvania railroad crossing at Tryonville.

Somebody signaled Winton that he had time to cross ahead of the fast special bearing officials of the road, and he made the attempt.
The wagon was squarely on the track when it was struck and smashed to kindling and the bodies of both occupants were decapitated. Both horses escaped unhurt. Mr. Winton was sixty-three and his wife was fifty-five.

Greek Cabinet Resigns.

Athens, Oct. 12.—The cabinet, of which M. Dragomiris was the premier, has resigned. It is generally believed that M. Venizelos, the Cretan leader, will be the new prime minister.

GREAT CELEBRATION OVER COLUMBUS.

(Continued from first page.)

A very few other states, has not apart this day for the celebration of the discovery of this country by Columbus. Christopher Columbus, Pennsylvanian, takes the lead in such matters as also takes the lead in legislation that is of benefit to the workingmen and the foreigner, because we have had placed on our statute books recently an employers' liability bill which enables you to sue and recover damages where heretofore the employer under like circumstances has exempted. And while the construction placed on the law does not permit the representatives of a nonresident foreigner in this country whose dependents are still abroad to sue for and recover damages, I believe that the law should be amended and if I am in a position to influence an amendment I will endeavor to have the law amended so as to put all classes of workmen, citizens and non-citizens and his dependents on the same basis.

In closing, the Congressman said he was afraid if he talked further he would dip into politics. The building was with the volume of the applause that followed his speech.

The meeting was in session for one

hour, or until 5 o'clock. H. Fuzarini delivered a short talk on the history of the discovery of America, and then spoke in behalf of the Union Lodge.

He said, "In order to be respected, you must respect. The Italians must be taught in order to be respected. We must help each other."

A number of other foreign speakers were present and addressed the assemblage for a short time.

After leaving the Municipal building, Tenei was escorted to the Hotel Titlow where a public reception was held in his honor. It was attended by hundreds. All were received with a big smile and a pleasant word, in it it happened to be an old acquaintance, a short chat. The hours were from 12:30 to 6 o'clock, after which dinner was taken at the Titlow by the party, before the evening mass meeting took up.

Yesterday's Races.

During the noon hour, while the Republican party was out of town, much interest was shown in the boys' and girls' races, started from the court house. There were nine entries in no form, the winner being James Longden, aged 14, of Kalerst; prize, a suit of clothes; time, 13 minutes.

Mabel Miller, aged 13, of Mt. Vernon avenue took first prize in the girls' race, a five dollar hat.

The Pirates won from the Athletics two games out of three, on the Tompkins they last evening. The Pirates took the first and last games while the Athletics won the second by piling up a mighty score.

The Pirates had a lot of high rollers among them. The surprise of the evening was the failure of Sam Dobble to show his usual form. Dobble rolled 251, the lowest on his side. Last year Dobble was one of the best pitchers in the league and will be this year, after he gets that sturdy, right arm of his in proper working order. Fortunately the Pirates did not need the handsome young man to win as they have other nifty and ambitious pitchers like Moore, Mostert and Carl Brickman. William Sellers broke in to the league and in a starter rolled 250. If he keeps that up he will be a bright and shining star.

John Crowley of the Athletics showed last year's form by rolling 501. Doliner was also in good shape and spilled a 25 score. Wagner was of color, as were Will Brickman and Ralph Lusk. The reason is young, however. Here is what the scores show:

Pirates	W.	L.	Pct.
Moore	9	11	.450
Mostert	8	12	.400
Carl Brickman	7	13	.350
Will Sellers	6	14	.300
Dobble	5	15	.250
Totals	10	10	.500

HOG'S CARCASS SAVES HIM

Driver of Meat Wagon Has Close Call From Death Under Train.

Pittsburgh, Oct. 13.—A billiard shot in mid-air, with a human body and a dressed hog as the objects, saved the life of William Apple, driver for a packing firm, when his wagon was struck by a Pennsylvania railroad train at Homestead.

Hog carcasses, parts of the wagon and the driver were in the air when the body of the porker careered against Apple, deflecting his body as it was falling before the locomotive. Apple landed on the pilot and just as the train stopped he rolled off beside the track with a few bruises.

SAYS BUSINESS IS VERY BAD

Schwab Thinks Political Agitation Affects Steel Industry.

South Bethlehem, Pa., Oct. 13.—Charles M. Schwab, president of the Bethlehem steel works, in an interview on the general condition of the steel business, summed up the situation as follows:

"The steel business is very dull, in fact conditions are worse than at any time since I took hold of the Bethlehem Steel company."

Asked as to the probable cause of the slump Mr. Schwab said that it was due to "the political agitation throughout the country in a measure."

NO RETRIAL FOR HUSTON

Architect of Pennsylvania Capitol Must Appear For Sentence.

Harrisburg, Pa., Oct. 13.—Joseph M. Huston, architect of the state capitol and of the interior furnishings and fittings of the capitol, was found guilty of conspiracy to cheat and defraud the commonwealth by certifying to a false bill, by President Judge George Kunkel of the Dauphin county court, in a lengthy opinion.

Huston was convicted in April after a trial lasting almost six weeks, being found guilty of the charge of conspiracy with four persons previously convicted but from whose case he had been severed. The judge refused to grant a retrial of the case on the ground that the defendant had enjoyed a full and impartial trial and directed that he appear for sentence on Saturday, Oct. 15, at 10 o'clock in the morning.
